

PPDU : physical layer (PHY) protocol data unit (PPDU)
Data filed is PSDU(S)

PHY service data unit (PSDU)

Mac protocol data unit (MPDU)
Body 就是 MSDU

Mac Service data unit (MSDU)
Body 就是 MSDU, LLC的格式有两种 802.3

There are two LLC sublayer protocols used (see IEEE Std 802-2014):
LLC Protocol Discrimination (LPD) (see ISO/IEC 8802-2:1998) and EtherType Protocol Discrimination (EPD) (see IEEE Std 802.3-2012).
LPD is used for transmission of all IEEE 802.11 MSDUs with the exception of the 5.9 GHz bands where EPD is used (see E.2.3 and E.2.4).
